Hello Ovelio,

Good to hear. I'll start the compliance screen for this plant.

Best regards,
Danny

Hi Ovelio,

I'm doing well. Thank you for asking. If the plant qualifies you can certainly move forward and submit the application. In the meantime, please just let me know the plant name and address. We need to do a screen to ensure there are no major air pollution violations at the plant and that can take a few weeks.

Have a happy and healthy Thanksgiving.

All the best,
Danny

Importance: High

Hi Daniel,

I hope this finds you and your family well and healthy as well. Thanks for the reminder. We are actually going through the data review for one assembly plant. We are planning to review the application package and data with the PE within the next couple of days (early next week the latest). We are getting close to the deadline, but if everything goes well with the data review, we should be able to submit the final application package before the Nov 30th deadline.

Thanks again for the reminder. I really appreciate it.

Regards

ATTENTION: This email originated from outside of GM.

Hello Ovelio,

I hope this email finds you well. I wanted to remind you that the ENERGY STAR plant certification deadline is November 30, 2020. If any GM plants in the U.S. are eligible this year please let me know and I can start the compliance screen.

Best regards,

Danny
